Truly amazing sensations, and a flash of a white orb!

I felt sensations for the first time and it was truly amazing! I get so excited when I really 'feel' things, even though I don't know exactly what it means - whether it was an upgrade or download, etc. When focusing on my crown, I had a major wave flow downward thru just my head with a large flash of a white orb. Then, when focusing on my sacred heart, I felt a VERY warm sensation that only took place in the core of my upper chest, in my sacred heart. Anyway, isolated heat there was an absolute first! Lastly, I had more than normal buzzing and pulsing in my hands and feet, pulsing in all 10 toes! Great stuff. Yesterday I felt pretty good and look forward to getting off sleep meds. soon.

With gratitude,

Carolyn

Grey Cloud Over My Head, Gone!

During the many Akashic healings you did, I could sense a grey cloud or thick jelly-like residue being lifted from me and recycled.

Also, I realized I wasn't always the victim in my past life scenarios and much of what I'm experiencing in this life is about karmic completion, learning and soul growth.

Thank you for the monthly calls. I often give thanks for your empowering work and for your dedication to us.

Nita, Toronto Canada

A huge change! Love and gratitude

When I got together with my extended family on Christmas, I did not feel the "hold" or "grip" they had on me in the past. I wasn't attached or taken hostage by their energy and issues and didn't get sucked into their tornadoes.

This is a huge change for me and allowed me to enjoy the holiday.

Lots of love and gratitude to you always!

Anu, Louisiana

Your healing calls are tremendous!

As you worked energetically, the past hurts and fears have come to the surface and released.

The ongoing Akashic Healing calls, forgiveness prayer, and your Akashic workshop have helped me heal and reset.

I feel so guided and protected at a time when there are no friends or family, I can comfortably share my healing experiences with.

Maria B., Texas

What a beautiful gift!!!

So much Love; so much release.

I feel the Oneness... I can't find the words to express the feeling.

Pure magnificence! Everything is blessed with Love and Light.

WOW!!!! SO POWERFUL and amazing to be on the Akashic Healing call.

Felt very personal -- the eating/self-esteem issues, abuse, sexuality and fear of the unknown, warrior energy clearing, all of it!

WOW! And then the spot-on childhood shaming and shutting down creatively and artistically, followed by the meadow meditation and all of those gorgeous affirmations and prayers. I feel so open, full of light and direction, full of the delight of my inner-child artist, and excited about starting to post my blogs and write my book in earnest.

Can't WAIT to see what this clearing will bring!

All my love,

Paige Barrows, California

I can definitely sense a real shift inside of myself.

I am truly surprised by the effect of the Akashic healings that you conducted on us during last night's webinar.

This is my first experience where someone giving a talk on an energy modality, incorporated what they say they do, where I was able to immediately and palpably feel the effect.

Truly, thank you for this gift of lightness, softness, and peace.

HOW IT WORKS

Who and what awaits you inside the Akashic Records?

Body

The Akashic Records are the Divine Library, the information arm of Source. Everything you've ever done is recorded in this etheric field of Divine Source energy. It contains past life gifts, talents, and the reasons your soul chose to come to Earth at this time. Inside your own records, you have your own Masters, Teachers, and Beings of Light who are waiting to share this soul-liberating information with you.

At this historic live event, I will open a portal into the Akashic Records for Healers, Lightworkers and Starseeds.

Inside the quantum void, where your soul first individuated from Source, you'll discover the field of infinite potential. There, we will dissolve deep-rooted programs of domination and control, unwrite and upgrade your soul contracts, release ancestral trauma, and realize your soul's mission.

As we heal the collective inside the Akashic Field, you'll have the opportunity to ask your own personal Record Keepers a question. (Many people receive downloads without even asking!)

The Akashic Records exist in the Quantum field of pure Source energy, the highest frequency of Divine Truth, Love and Light. So even when you don't have a specific question you want to ask your Record Keepers, you can just bathe and heal in an experience of unconditional love.

Final how it how-it-works point emphasized

It could be the most potent flow of Divine energy and Truth
you've ever accessed!

EXTRA VALUE PROPOSITION

Title

Can you ask your goosebumps questions?

Body

Lightworkers and Galactic Souls are naturally intuitive. From clairsentience to clairaudience, inner sensing, gut feelings and goosebumps, you have special gifts and sensitivities that help you along your path.

But can you ask your goosebumps questions?

Wise, Ancient Soul, there is an intuition deeper than you've ever known. Not even your guardian angels have access to it because it is at the level of undifferentiated Quantum potential, where Form both comes into being and dissolves.

Emphasized final point of extra value proposition

Until now you have sensed, but once you enter the Akashic Field, you will **know**.

ABOUT YOU

About You Title

Meet the custodian of the 8 Galactic Access Prayers

Body

My name is Lisa Barnett,

My Soul's purpose in this incarnation is to help restore humanity's access to the Akashic records, the Library containing every Soul's history and plan.

A thousand years ago, the Akashic field was pulled out of reach of planet Earth because humans had misused its wisdom and power for personal gain. Only the most advanced Lightworkers and Mystics could access it, and only partially.

Thirty years ago, the Age of Aquarius dawned and Lightworkers were beginning to awaken. The Akashic Record Keepers contacted me to help them anchor the energy of the Akashic Field back to Earth. It was time!

They told me to open the Akashic Knowing School of Wisdom for Lightworkers, Healers and Old Souls – those who had come to lead the great awakening that was underway. I told them that I didn't know how, but they assured me that I would be given all the information I needed.

Since then, they have given me 8 Galactic Access Prayers, which I hold in wait for those who answer the call. I've also written the 4 books they asked me to channel, with the intention to empower thousands of people around the world to discover and access their Akashic Records. This will raise the frequency of humanity and support the Ascension.

I can't wait to finally meet you

FINAL VALUE PROPOSITION

Your mission is more than knowing 'what' your purpose is – it's knowing **how** to achieve it

Body:

Fellow Galactic Soul, you have important work to do on this planet

It's time to move past intuition to knowing

From "I have a hunch" to "I know my soul's plan for this lifetime."

From "should I launch a healing business?" to "**I know exactly how** to launch my healing business"

It's time to access the highest guidance available for you: higher than your Higher Self, your body's clairsentience, your guardian angels, even the Ascended Masters.

Access to your soul's plan is your birthright, and I incarnated here to give you the keys to your Akashic Library..

You only need to take that first step and join me and your soul family at this upcoming sacred event.

I can hardly wait to stand and work alongside you in the pure loving light of Source.

FREQUENTLY ASKED QUESTIONS

Question

Will I experience the Akashic Records for myself?

Answer

Yes, I will open the Records so that everyone at the event can experience their healing light and wisdom. You'll have the chance to ask a question of your personal Record Keepers, and many attendees find they receive more downloads than they can note down!

Question

What makes the Akashic Records different from other sources of guidance?

Answer

The Akashic Records are the information arm of Source itself. There you can access truth as it emanates from the quantum void. Standing in the Akash, beyond all manifestation, you can dissolve soul contracts and past-life vows, and write into being the future your soul intends.

Question

I'm very intuitive: am I accessing the Records already?

Answer

Many Lightworkers and Galactic Souls are extraordinarily intuitive, and this gift will help you to receive answers from your Record Keepers. But the wisdom of the Records is something completely beyond this kind of intuition. It's the difference between having a strong feeling about something, and receiving precise, detailed answers to any question you might have.

Question

I have chronic illness or pain. How can the Akashic Records help me?

Answer

The Akashic Field is the pure energy of Source. Many attendees find that simply being immersed in its pure, loving energy helps them with long-standing blocks, ailments and unaligned life situations.

Question

What are the 8 Galactic Access Prayers?

Answer

The Record Keepers entrusted me with 8 keys to the Akashic Records: one for each of the major Galactic lineages. These keys which take the form of sacred prayers, make it straightforward for Lightworkers and Galactic Souls to access their own Records directly.

Question

Is it worth registering if I can't attend live? Will there be a recording?

Answer

Yes! The call will be recorded and you will have access for a limited time. The Akashic Records exist within the Quantum field so you will experience the benefits across time and space!

How do I prepare to be inside the Akashic Records?

I recommend that you do not drink any alcohol 12 hours prior to the event. It lowers the body's vibration and is more difficult to access deep information in the Akashic Records. Prescription drugs are acceptable. It is best to allow yourself some quiet time after the session to reflect and process the information. Drink plenty of water afterwards.
